

# Assignment-3

Student Name/ ID Number:	James Vincent C. Escartin/ BDSE0622-013
Academic Year:	2022-2023
Module Name:	Front-End Web Development
Project Title:	jQUERY AND jQuery UI Project
Submission Date:	July 20, 2022

## Learner's Declaration

I certify that the work submitted for this assignment is my own research sources are fully acknowledged

Student Signature: *James Vincent Escartin*

Date: July 20, 2022

## Purpose of this project

### Purpose of this project

To demonstrate your capabilities in the following areas:

- Plan a Website & Develop branding, wireframes, information architecture & story board
- Develop a website using HTML, CSS & Javascript.
- Execute the test cases and validate the website meets the design requirements.

## Submission Format

In one document, submit the following:

1. Website screenshot in word document
2. Source code

## Project Brief & Guidance

### Scenario:

You have been approached by 'ABC Learning Center' as a website developer to develop a company portfolio website for their institute. 'ABC Learning Center' is an IT Training institute that conducts course like 'Programming in Java', 'Programming in .Net', 'Microsoft Office', 'HTML', etc. They want to design a website which can be used for providing information about their courses to students.

You will be required to design and develop this website using HTML, JavaScript, and CSS.

You will be required to design the following pages for the website-

1. Common Content
  - a. Header
  - b. Footer
  - c. Navigation
2. Homepage
3. About Us Page/ Profile Page
4. Contact Us (Develop 1 HTML Page)
5. Course Details Page (Develop 2 pages, 1 for each course)
6. Course Schedule Page (Develop 2 pages, 1 for each course)
7. Sitemap Page (Develop 1 HTML)
8. Privacy Policy Page (Develop 1 HTML Page)

The website that you have developed needs to be tested by you and final sign-off should be taken from 'ABC Learning Center' (Mentor) before hosting it on their web server.

Welcome to ABC Learning Center, Inc.  
A conducive website for learning  
how to code smoothly and easily.

About Us

ABC Learning Center, Inc. has been recognized as a top coding teaching institution since 2010.

ABC Learning Center' is an IT Training institute that offers courses such as 'Programming in Java,' 'Programming in .Net,' 'Microsoft Office,' and Welcome to ABC Learning Center, Inc.

We provide accessible programs that allow students to master the course through comprehensive lessons and modules.

Not only that, but we also offer scholarships to deserving students who are unable to continue their studies owing to financial constraints.

What are you waiting for? Enroll today!

**Mission:** To use coding to recreate the world.

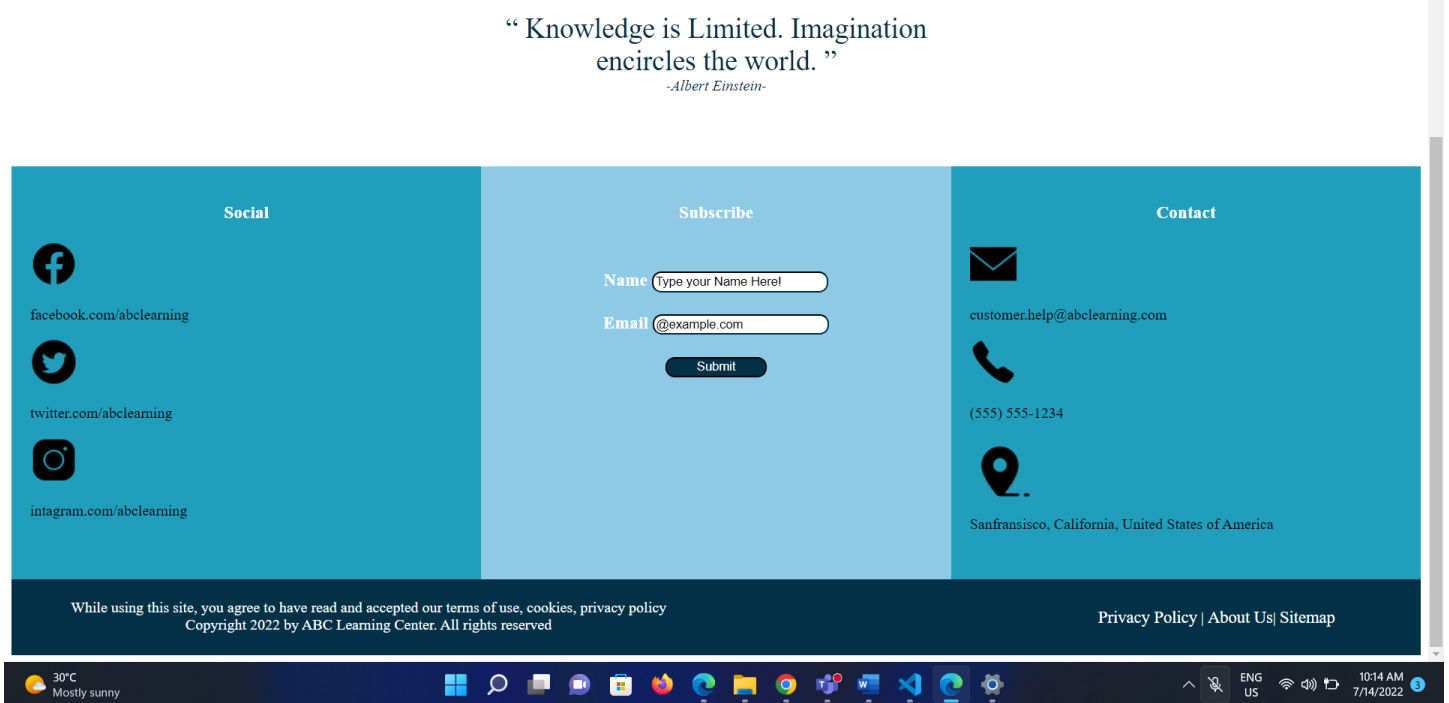

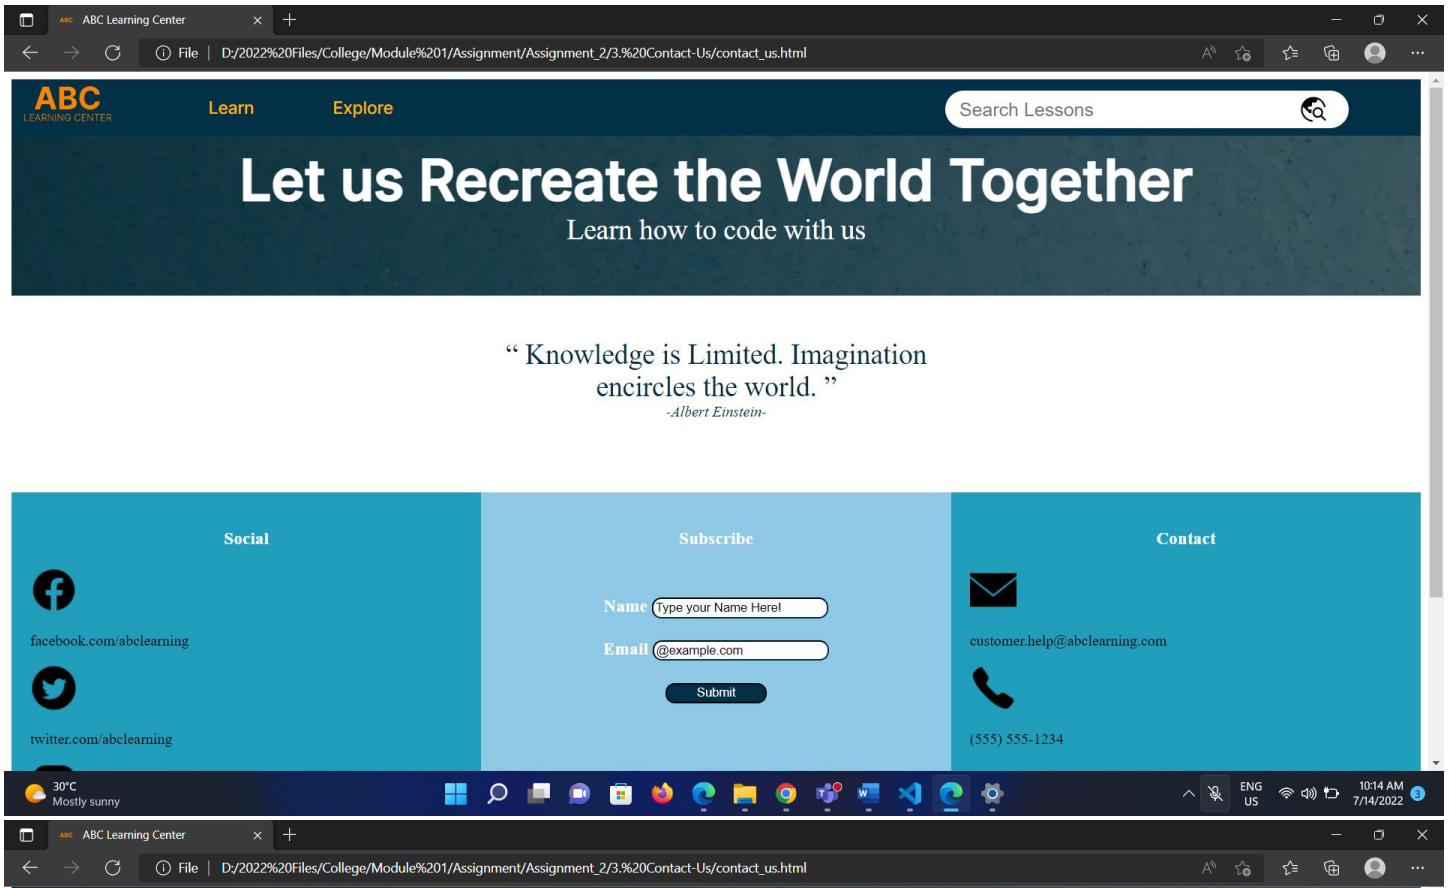

**Vision:** To be a trailblazer of emerging technologies and to encourage a large number of individuals to change the world through artificial intelligence, which can only be achieved through coding, in order to make the world a better place.

### Personal information we collect

When you visit the Site, we automatically collect certain information about your device, including information about your web browser, IP address, time zone, and some of the cookies that are installed on your device. Additionally, as you browse the Site, we collect information about the individual web pages or products that you view, what websites or search terms referred you to the Site, and information about how you interact with the Site. We refer to this automatically-collected information as "Device Information".

We collect Device Information using the following technologies:

- "Cookies" are data files that are placed on your device or computer and often include an anonymous unique identifier. For more information about cookies, and how to disable cookies, visit <http://www.allaboutcookies.org>.
- "Log files", and User Accounts, track actions occurring on the Site, and collect data including your IP address, browser type, Internet service provider, referring/exit pages, and date/time stamps.
- "Web beacons", "tags", and "pixels" are electronic files used to information about how you browse the Site.

Additionally when you make a purchase or attempt to make a purchase through the Site, we collect certain information from you, including your name, billing address, shipping address, payment information (including credit card numbers, email address, and phone number. We refer to this information as "Order Information".

### Manage Content

If you want to change your choices regarding your personal information, you can use the button below:
